

Role – React – NextJS Developer

Location – Thane, MAH

Experience required – 3+ years & above.

About the Company:

Ventura is an omnichannel trading and investment platform with a network of branches, sub-brokers and Digital Channels. Founded in 1994, the company is now entering the next phase of growth by pivoting to a digital-first approach and strengthening its direct-to-consumer franchise. The company has now carved out a separate fintech vertical tasked with digital transformation using cutting-edge technology and bringing in fresh talent.

Job description:

As a NextJS Developer, you'll contribute your expertise in Next, Redux, CSS and JavaScript to build and maintain responsive websites. Your role involves customizing existing pages, creating new pages and troubleshooting issues while staying updated on industry best practices.

Join us if you like:

- Collaborate with the design team to implement user-friendly and visually appealing web interfaces using Next.js.
- Develop, test, and deploy high-performance and maintainable web applications.
- Work closely with backend developers to integrate front-end components with server-side logic.
- Implement state management solutions using Redux and integrate with APIs.
- Optimize applications for maximum performance, ensuring responsiveness across devices and browsers.
- Stay up-to-date with the latest industry trends and technologies to continuously improve development practices.
- Debug and troubleshoot issues, providing timely resolutions.

What you'll need to bring:

- Proven experience as a Next.js Developer.
- Strong proficiency in JavaScript, HTML, and CSS.
- Extensive knowledge of React.js and experience with Next.js.
- Proficiency in state management using Redux.
- Familiarity with server-side rendering and static site generation.
- Experience with front-end build tools, package managers, and CI/CD pipelines.
- Understanding of RESTful APIs and asynchronous request handling.
- Version control using Git and familiarity with Git workflows.
- Strong problem-solving skills and attention to detail.
- Excellent communication and collaboration skills within a team environment.
